E-Inspection Compliance and Certification Form**

**Residential Reroof Permit**

*IMPORTANT!* Completion and submittal of this form is *required* in order to pass inspections and finalize this reroof permit. Incomplete or non-legible forms will *not* be accepted by the Tuolumne County Building and Safety Division.

**Directions:** Please verify, complete and initial each item below before you sign and upload this form.

1. \_\_\_\_\_ I certify all **roof decks** are in compliance with applicable sections of CRC R905, and my manufacture's specifications for the type of roof covering(s) applied under the provisions of this permit.
2. \_\_\_\_\_ I certify all **roof slopes** are in compliance with CRC R903.4 and applicable sections of CRC R905, and my manufacture's specifications for the type of roof covering(s) applied under the provisions of this permit.
3. \_\_\_\_\_ I certify all **roof covering or recovering** applied under the provisions of this permit were installed in compliance with applicable requirements within CRC R905, R908 and my manufacture's specifications.
4. \_\_\_\_\_ I certify all **roof flashing and gutters** within the area of work covered by this permit are in compliance with CRC R903, R908, and CBC 705A requirements governing materials, methods, locations and reuse.
5. \_\_\_\_\_ I certify all **fire resistance requirements** applicable to Wildland-Urban Interface Zones and/or State Fire Marshal provisions for the scope of work authorized under this permit have been satisfied.
6. \_\_\_\_\_ I certify all **above-deck thermal insulation** installed under the provisions of this permit were installed in compliance with applicable requirements within CRC R906, and my manufacture's specifications.
7. \_\_\_\_\_ I certify that I have advised the owner of this dwelling of their obligation to install **smoke detectors and carbon monoxide detectors** in compliance with CRC R314 – R315 for quantity, location, power supply and listing.
8. \_\_\_\_\_ I certify that I have provided an **ice barrier** if the work performed under this permit is located above **3,500** foot elevation in compliance with CRC R905.2.7.
9. \_\_\_\_\_ I certify **Class A roofing assembly and cool roof provisions** required by this permit have been satisfied and verified to be in compliance with California Energy Code.

I hereby affirm under penalty of perjury by my signature below, I have: 1) reviewed and satisfied all applicable Code requirements contained within this permit application; and 2) inspected and verified each of the provisions enumerated above prior to my certifying their compliance with my initials.

Contractor's Signature: \_\_\_\_\_

Date: \_\_\_\_\_
