E-Inspection Compliance and Certification Form**

Water Heater Replacement Permit

IMPORTANT! Completion and submittal of this form is *required* in order to pass inspections and finalize this water heater permit. Incomplete or non-legible forms will *not* be accepted by the Tuolumne County Building and Safety Division.

Directions: Please verify, complete and initial each item below before you sign and upload this form.

1. _____ I certify all **seismic straps or anchorage** are in compliance with applicable sections of CPC 507.2, and my manufacture's specifications for the type of water heater(s) installed under the provisions of this permit.
2. _____ I certify that adequate **combustion air** is provided in compliance with CPC 506 and my manufacture's specifications for the type of water heater(s) installed under the provisions of this permit.
3. _____ I certify that the **temperature/pressure relief valve and drain** were installed in compliance with CPC 504.6 and my manufacture's specifications for the type of water heater(s) installed under the provisions of this permit.
4. _____ I certify that the water heater **location and clearances** are in compliance with CPC 504.1, 504.2, and 504.3.
5. _____ I certify all **vent termination and clearances** are in compliance with CPC 509 and 510 and my manufacture's specifications for the type of vent I have installed to serve the water heater(s) installed under the provisions of this permit.
6. _____ I certify that I have advised the owner of this dwelling of their obligation to install **smoke detectors and carbon monoxide detectors** in compliance with CRC R314 – R315 for quantity, location, power supply and listing.
7. _____ I certify the **energy efficiency** for the type of water heater(s) installed under the provisions of this permit has been satisfied and verified to be in compliance with California Energy Code.

I hereby affirm under penalty of perjury by my signature below, I have: 1) reviewed and satisfied all applicable Code requirements contained within this permit application; and 2) inspected and verified each of the provisions enumerated above prior to my certifying their compliance with my initials.

Contractor's Signature: _____

E-Inspection Picture Instructions**

Water Heater Replacement Permit

IMPORTANT! Submittal of pictures for the work performed is *required* in order to pass inspections and finalize this water heater permit. Incomplete or poor quality picture sets will *not* be accepted by the Tuolumne County Building and Safety Division.

Directions:

Digitally photograph/upload the following details/documents to the system and request the inspection.

Water Heater Final:

1. **Front of water heater** – pictures should include the entire water heater including draft hood and vent connection, seismic restraint, TPR valve and drain, and the Permit Placard complete and attached in plain view.
2. **Vent termination**
3. **TPR drain termination** to the exterior.
4. **Vent penetration** – should clearly demonstrated adequate clearance from combustibles.
5. **Seismic Restraint** – if not clearly shown on first picture.
6. Electric disconnect or gas shutoff – show working clearance at disconnect
7. **Picture of Compliance and Certification Form** – must be easily readable.
