

# Tuolumne County Monthly Property Tax Payments

---

## Lowest Credit Card Transaction Rate in California at 1.99%

This is a new service that you can use to pay your secured property tax monthly via an ACH payment or a credit card (does not apply to supplemental property tax). The fee currently being charged is 1.99% for all transactions. This rate is subject to change, and it is provided by an outside vendor to facilitate your payment. When taxes are due and if you have paid the total amount due over this period, they will send the payment to the County on your behalf.
