

Team ELITE

Evacuation of Livestock In Tuolumne Emergencies

Seeking volunteers to:

- *Assist Animal Control to evacuate livestock including horses, cattle, llamas, sheep, swine, goats, and chickens
- *Work closely with county departments, fire, and law enforcement
- *Help homeowners prepare for emergencies BEFORE they happen
- *Be trained in the Incident Command System
- *Set up and manage safe, secure, and healthy shelters for livestock
- *Help reunite owners with their livestock in an efficient manner
- *Manage supplies and donations before, during, and after an emergency

Team ELITE started with members of Twain Harte Horseman and Pine Mountain Lake Stables looking for a way to support livestock evacuation efforts, but will transition into its own non-profit as we gain traction.
