What is Substance Use Disorder?

Substance Use Disorder (SUD) is a disease that affects a person's brain and behavior which can lead to an inability to control the use of a legal or illegal drug or medication. Substances such as alcohol, prescription medications, marijuana and nicotine are also considered drugs. When you are addicted, you may continue the drug despite the harm it causes.

With SUD treatment, a person can recover from the active use of substances. Recovery is a process of change through which people can improve their health and wellness, live a self-directed life and reach their full potential. Even people with severe and chronic substance use disorders can, with help, overcome their illness and regain health and social function. Being **"in recovery"** is when those positive changes and values become part of a new healthy and worthwhile lifestyle.

Are alcohol and/or drugs affecting your life?

- ⇒ Failing in your attempts to stop using alcohol and/or drugs?
- ⇒ Have you been told that you should stop drinking or doing drugs, or that you should use them less often?
- ⇒ Do you feel that your alcohol or drug use is holding you back or negatively affecting your relationships, work, school, or home life?
- ⇒ Do you use or drink more than you intend to?

PROGRAM ENTRY

Initial brief walk-in appointments are available. Assessments for all Substance Abuse Disorders are available by appointment at :

105 Hospital Road, Sonora, CA
or by calling (209) 533-6245

PLEASE NOTE:

Tuolumne County Behavioral Health reserves the right to refuse treatment to any person who arrives for such treatment obviously under the influence of alcohol or drugs; useful therapy is not possible while a client is actively under the influence.

COST

Voluntary services are charged on a sliding scale based on income; **in order to determine your fees, you MUST bring proof of income to your assessment appointment or you will be charged the maximum fee.**

- If you are a Medi-Cal beneficiary and meet medical necessity, most treatment services are covered under Medi-Cal benefits.
- Some court-ordered programs have fees that must be paid in full, in addition to attending all classes, in order to qualify for completion.
